HISTORY

Maroa High School has had a boys basketball team since at least 1913.

SCOPE, CONTENT, AND ARRANGEMENT

This collection included three large boxes of spiral bound basketball scorebooks with a few loose letters and papers on top; material dating from early 1940s through 2019 with gaps for some missing years. Materials were part of the original documents that formed the MF School Archives and are not credited to any donor, although yearbooks records would show who the boys basketball coaches were from 1941-2019.

Items were originally presented in three large boxes divided into 2 major sections: varsity scorebooks chronologically sorted and Junior Varsity/Freshmen scorebooks chronologically sorted. A few loose notes were on top of the books in boxes. In reboxing, the materials were placed in smaller boxes for easier lifting and handling. The collection was sorted resorted chronologically, placing Varsity, Junior Varsity, and Freshman scorebooks within the same year in the same folder. This sorting was done to aid researchers.

In early scorebooks, teams were sorted by “first” team and “second” team, later terminology refers to “Varsity” and “Junior Varsity (JV)” teams. Some scorebooks mix team scoring within the same book; other books are strictly either Varsity or JV or freshman scorebooks. Where possible, this difference is noted on the file listing.
