Based on the 1951 Disney *Alice in Wonderland* and the novels
The Adventures of Alice in Wonderland and *Through the
Looking Glass* by Lewis Carroll

Alice in Wonderland has become one of the most famous children's books of all time, one that appeals to children as well as adults. The story tells what happens to a girl named Alice who falls down a rabbit-hole into a fantasy world which is populated by peculiar imaginary creatures and objects that come alive and have a personality, like talking playing cards.

Alice in Wonderland does not contain obvious moralizing tales like so many children's books nowadays do. It is a delightful adventure story in which a little girl reacts to the reality of the adult world. Alice's intelligent responses to absurdities of language and her reactions to encountering the most enchanting characters are the reasons that make adults love Alice along with their children.

I am so proud of these students who you will soon see bringing these adventures to life! They have worked extremely hard—balancing other practices and activities, as well as getting ready for our Fall and Christmas concerts this semester.

Thank you to EVERYONE that made this production possible, and to YOU—the parents, grandparents, other family members who continue to support your student as well as the Music Department for the Maroa-Forsyth School District! So sit back, relax, and enjoy tonight's performance!
