### SCHOOL BEAUTIFUL

Students of M. C. H. S. are fortunate, much more than they realize, in having a new, modern, clean, up-to-date school building. It is up to them to keep it thus.

Our building, as yet, looks a trifle bare, as there are no shrubs or plants, which are needed to set off any building. A start has been made to that goal, however and it is up to us, the pupils of M. C. H. S., to respect and cooperate in every way possible to make this start a complete success.

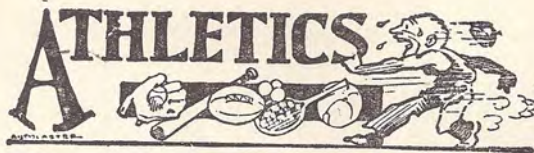

So far, the actions of the students have been highly complimentary upon this subject. Will it always be that way? It is up to us to keep it that way. Will we succeed? If everyone cooperates and does his part, of course we will.

The Board of Education and the P. T. A. have been very generous in allowing funds for the School Beautiful programs. We would not wish to disappoint them with our actions in any way. Remember that if M. C. H. S. is to be the most beautiful and attractive school in this county, the pupils must make it that way.

### SCHOOL CITIZENSHIP

In the days not so very long ago, when I was a high school pupil, the purpose of a high school education was summed up in this phrase—"to prepare for citizenship." It was something that prepared you for adult life, for the future. We were considered storehouses, or warehouses, and were filled up, more or less as the case might be, with information about Latin, mathematics, history, etc., for some rainy day ahead when we had arrived at that place in life when the rest of the world would confer upon us the status of citizenship; this usually did not take place until about the age of twenty one. The more information one had stored away or had accumulated, the more completely educated he was, and the better he would be able to meet the obstacles of life. Thus education was a filling up matter, a quantity affair, based upon the principle of deferred payment. Someone has put it otherwise and said that schools at that time were mere filling stations.

Things did not plan out as was anticipated. When the  
(Continued on page 3)

**SEVEN SCHOOLS JOIN NEW PREP CONFERENCE AT MEETING IN DECATUR**

A new athletic conference involving eight high schools, all within a radius of twenty miles of Decatur, was formed at a meeting of coaches and principals, Sept. 23, in the Wilson Cafeteria of Decatur.

Six schools, Maroa, Niantic, Warernsburg, Lovington, Cerro Gordo and Hammond, had their representatives at the meeting. Argenta is known to be involved in the new organization, and is considered as a member, while an invitation will be extended immediately to Latham.

Basketball will be the major sport of the new loop and operations will start with the opening of the coming basketball season. Only four of the schools in the present lineup play football, and while the grid sport may be added next year, no arrangement will be made for it this season.

The conference elected E. H. Menke, principal of Maroa, as its first president; Thos. T. Edwards, principal at Cerro Gordo was named vice president, and Howard Wolfe, was elected secretary and treasurer.

To win the championship of the new conference the teams must play a minimum of at least seven games.

The conference in its second meeting, chose the name "Cenois," which was submitted by a Senior of the Hammond High School. It is a contraction of Central Illinois.

**BOYS' PHYSICAL EDUCATION CLASS IS ORGANIZED**

The boys physical education class, under the direction of Coach Wolfe, was organized at a meeting held recently. This class consists of the Freshman and Sophomore boys who are not out for football regularly.

This class of boys meets on Tuesdays and Thursdays of each week during the third period.

The physical education program will consist of calisthenics, contests, group games, and later on they will begin playing volley ball and basketball.

Due to the condition of the new athletic field at this time, the classes will all be held in the gymnasium. When the new field is ready and complete for use practically all of the fall and spring activities will be held outside.

The reason this physical education class was organized was that the state law now requires physical education in all Illinois high schools.

**MAROA SHOWS POWER IN LAST HALF TO WHIP IRISH**

After getting off to a slow start Maroa's blue and gold gridmen came back in the last half fast and furious to whip the Irish from St. Teresa, 7 to 0.

During the first half, the ball was in Maroa territory most of the time, but during the last half, well it looked much different with Wilson, Austin, and Morris lugging the pigskin for consistent gains.

The Irish muffed their scoring chance in the first period when the Saints advanced the ball to Maroa's five yard stripe. The next play the Saints fumbled and Long recovered the ball for Maroa. After this threat, the Maroa goal line was never in danger.

The second half started with the Saints kicking off to Maroa. Wilson, Austin, and the selfsame Rod Morris carried the ball to the five yard line. On the next play Wilson dropped back and heaved Crouch a pass that carried the ball to the five yard line. Austin slipped through left tackle for the touchdown and Wilson added the extra point on a line plunge.

The remainder of the game was a series of punts, neither team taking any chances. The defense work of Maroa was outstanding during the last half.

The men taking part in the game for Maroa are as follows: Fishel, Oates, Morgan, Himes, Sterling, Caplinger, Crouch Milnes, Wilson, Austin, Long, Morris, Wikoff, Stein, and Bennett.

**MAROA ROLLS OVER ILLIOPOLIS FOR 33 TO 7 WIN**

Coach Wolfe's Blue and Gold squad defeated the Red and Black team from Illiopolis last Friday in a game played on Austin's field.

Wilson and Austin were the chief ball carriers for Maroa, while Morris made some good runs with the ball also. Gene Neff was chosen to carry the brunt of Illiopolis' offensive attack, doing a good job. Austin crossed the goal line three times for Maroa while Wilson carried the ball over the remaining two times. Illiopolis' lone touchdown came late in the last quarter when this same Gene Neff went over the line on a line plunge.

Due to the hot weather at this time, both coaches used many substitutes. The men used for Maroa are as follows: Capt. Bud Milnes, Austin, Wilson, Long, Morris, Bennett, Himes Meador, Sterling, Stein, Wikoff, Oates, Morgan, Fishel, Crouch, Riley, Caplinger, Glesser, Purdue, and Tozer.

The Blue and Gold squad goes to Cerro Gordo Friday, Oct. 16th, to play Coach Darlands well balanced Cerro Gordo team.

## SCHOOL CITIZENSHIP

(Continued from page 1)

stage of citizenship was reached, all this stored up knowledge did not seem to produce the right kind of citizenship. A check was made to see where the fault might be. The result was a re-evaluation of the purpose of education. An analysis of the word 'education' itself disclosed the fact that the word was a Latin derivative, meaning 'to lead out.' Education then began to build on this idea. It could therefore no longer be administered according to the 'filling station' method. Henceforth pupils were to be considered more as 'transmitters.' It put the emphasis, in the training for citizenship, on the present, rather than on the future. Furthermore education came to be considered as life rather than a preparation for life. The new education therefore holds that the best assurance of the right kind of future life is the living of the right kind of life now; that we learn by doing. Progressive schools today are being administered in keeping with this new concept. There are still many principals, and teachers, and all too many laymen, who still adhere to the old 'filling station' idea and think only in terms of quantity education as measured in 'grades' and 'percentages.'

Now, why do I mention these things here? It is to bring to your attention this aim of education in respect to the subject of this article—"School Citizenship." School this year should be more to you than just the routine of going to classes from day to day. If you only seek and get text-book information, you are getting very little in the way of an education. If you do not grow in the way of finer attitudes, finer ideals, and finer habits,

you are not getting the education that makes for a fine citizenship. All this is offered in our high school. You must put forth an effort to get it. Besides information we offer these courses in our high school:

- Honesty
- Openmindedness
- Fairmindedness
- Tolerance
- Respectability
- Responsibility
- Cooperation
- Industry

How do you stack up in these. These are the marks of good citizenship, both in school and out.

## A CHARACTER SKETCH

Once there was a small, old lady with white hair, pink cheeks, and clothes out of fashion. Her name was Mrs. Strait and she had a distressing habit of getting her words mixed.

To the grocer, Mr. Dimes, she would say, "Please, Mr. Pennies send me down a pound of bread and a loaf of butter."

Mr. Dimes would get red and say, angrily, "The name is Dimes, ma'am." He would be so embarrassed about the name that he would not notice the other mistakes.

Mrs. Strait was very neat and when she told her neighbor about her house she said, "Oh, dear, tomorrow I must housen up my straight."

Her clothes, which must have dated back to the 1890's, were always clean and stiffly starched.

She was president of the Ladies Aid Society and they were so anxious to make a good impression when the minister came, that everyone was uncomfortable until Mrs. Strait introduced the minister, Mr. Whiting, as Mr. Blacking.

She was kind-hearted and would not hurt anyone's feelings, if she could help it. Everyday she sent someone a bouquet from her flower garden, though she said it hurt them to cut her.

In the town where she lived there was not a person (except the grocer) who did not love Mrs. Strait, though they sometimes called her "Mrs. Mix-it-up."

She was an honest woman and always paid her bills on time. Even the grocer loved her then.—Doris Carney, '34.

## ORCHESTRA ORGANIZED

The orchestra has been organized under the direction of Prof. Harold C. Hess of Millikin University. The date set for the rehearsal is Monday during Activities period.

The following officers were elected:

- President—Maxine Groves
- Manager—Dorothy Jones
- Librarian—Maxine Stivers

Dr. W. T. McLean

Kroger's  
The Complete Food Market

### JUNIOR PLAY CHOSEN

The Junior class has chosen "Intruding on Horace" for their public play this year. Earthquakes must love Horace and tornadoes tag around after him, for the minute this young man hides himself away in an island bungalow for the purpose of writing an ancient Egyptian history undisturbed, chaos and bedlam burst upon him, driving him to the verge of homicide. In a short time, the harassed scholar finds himself so deeply involved in a summer hotel jewel robbery and so bullied and badgered that his beloved history bids fair never to be written. From start to finish this comedy is a whirlwind of merriment and fast moving intrigue.

The cast includes such interesting and excellent comedy roles as a stuttering Toby; a tearful housekeeper; a lisping and giggling maid and others. The cast consists of the following people:

Susan Winiple (the housekeeper) .....	Caroline Leach
Tom Donlan (a mysterious intruder) .....	Timmie Crouch
Elmer Coons (who moves faster than he talks) .....	Lyle Tozer
Madge Sinclair (another trespasser) .....	Evelyn Dash
Horace Welden (a youthful historian) .....	Curtis Morgan
Nannie Datchett (Susan's helper) .....	Virginia Lyons
Harrison Coulter (a bogus detective) .....	Franklin Caplinger
Loris Adams (Horace's new secretary) .....	Maxine Groves
J. F. Adams (her domineering father) .....	John Kirby
Betty Blair (the belle of Caratunk) .....	Doris Pride
Josie Evans (a guest at Caratunk Arms) .....	Evelyn Dash
Timothy Regan (of the state constabulary) .....	George Stein

The admission is 25 cents and 35 cents. The date is Nov. 13th.

### ELECTION OF CHEER LEADERS

"O skee-wow-wow! Skinny-wow-wow! Maroa wow!" rang throughout the gym during the first pep meeting of the year on Friday, Sept. 18. The program consisted of high school songs, a talk by Coach Wolfe, and the election of cheer leaders. Try-outs led the assembly in yells and the ones chosen to be yell leaders for this year are Mary June Cramer, Ruth Austin, Lyle Tozer and Junior Waller. Some real high school pep was put into the yells and songs and we want that enthusiasm to last all year.

### TEACHERS TO GIVE PLAY

It was announced at the regular High School P. T. A. meeting Friday, Oct. 16th that the members of the faculty of the High School would give a play sometime in March for the benefit of the P. T. A. Watch for further announcements!

—Please turn all jokes into me that happen in the class rooms and about the school.—Bertha Rogers.

### TO HAVE LYCEUM COURSE

The high school body voted its approval of a Lyceum course for this year. There will be six programs during the year, five of which will be regular assembly programs and one will be at night. The very low price of ten cents for each entertainment will be offered to students.

The Chamberlin Duo appeared on an assembly program Monday, Oct. 19th, opening these series of programs. The Duo consisted of two women who gave a most entertaining program. One of the women was a rapid sketch artist and whistler of bird songs. The other was an impersonator and reader. The program was concluded with a beautiful sunset sketch. This program was very cordially received and promises well for the remaining numbers.

Robert Bowman, an impersonator, will come Nov. 12th at 3 p. m. Mr. Bowman's numbers are unique character portrayals from history, life and literature.

On Dec. 7th, at 1 p. m., John Frye & Co., will present "Mysteries." Besides a magician's program they will entertain and make "pictures from rags." The public has said their program is "wonderful, unique and mystifying."

The King Male Quartet will be the attraction on Jan. 4th at 1 p. m. The instrumental novelties and costume sketches add to their singing and make their program most enjoyable.

Gerald Giving, a traveler, will give a lecture on Feb. 19th, at 3 p. m. His lectures are said to give the happy, human, care-free side of travel.

Bill Bone, the well-known humorist, will appear on March 20th, at 8 p. m. Mr. Bone's program consists of readings of poetry, most of which he has written.

In order to give the public advantage of this Lyceum course, the school is offering a season ticket for adults. The five day time programs may be heard for one dollar and the concluding number will be twenty-five cents. Don't miss any of these programs.

## Gradiograms

Editor-In-Chief ..... Maxine Smart  
 Assistants ..... Mary Louise Coulter and Philip Coen

### REDECORATION OF SCHOOL

The Grade School was calcimined during the summer vacation. The ceilings of all the rooms were painted cream and the walls buff. The window frames were also painted.

The assembly room has also been changed. The stage has now a private entrance instead of a public entrance. They are also planning to put folding chairs instead of desks in the assembly.

### DAIRY FEEDS

### CLASS ELECTIONS

The new officers of the various classes have been elected and are as follows:

#### Senior—

President—Robert Milnes  
Vice President—Maxine Stivers  
Secretary—Robert Long  
Treasurer—Gertrude Hastings

#### Junior—

President—Timmie Crouch  
Vice President—Curtis Morgan  
Secretary—Donald Hayden  
Treasurer—George Stein

#### Sophomore—

President—Catherine Berry  
Vice President—Robert Stoutenborough  
Secretary—Twain Fort  
Treasurer—Warner Smart

#### Freshman—

President—Junior Waller  
Vice President—Virgil Ogden  
Secretary—Ruth Foulke  
Treasurer—Mary June Cramer

### HOME ECONOMICS CLUB REORGANIZED

The Home Economics Club, sponsored by Miss Garrison, has been re-organized from last year. This club will meet every other Thursday during the Activities period. The officers are:

President—Mary E. Spreckelmeyer  
Vice President—Helen L. Hutchinson  
Secretary—Doris Pride  
Treasurer—Lillie Mae Smart

### PROGRAM OF THE HOME ECONOMICS CLUB

A program has been planned for each meeting of the Home Economics Club. There will be interesting dramatizations, discussions and demonstrations of various subjects including table etiquette, thank-you letters, and telephone etiquette. It is probable that a Christmas party and a tea will be given sometime during the year.

To make our club worthwhile, every member must take his work seriously and put forth his best efforts. This course aids us in preparing ourselves to meet our social obligations. I expect to profit by my work and experiences in the Home Economics Club and I consider it an important activity.

### THE RADIO CLUB

In recent meetings the Radio Club discussed the problem of widening the work of the club projects so as to include other interests than radio alone.

It was decided that the name of the club would remain the same although general electrical work would be taught and used in club projects. At the present time there are three principal groups in the club: those interested in shortwave radio; those interested in broadcasting radio; and the new general electric group.

The new group will study elementary electricity and work on projects based on this. It should enable those pupils in the General Science and Physics classes to find extra electrical work if they are especially interested in it. The club members may take up any phase that interests them, make experiments, impart results to the club and if necessary ask the club for information concerning it.

Many such members interested in other fields of electrical work have long been in the club but from now on the club is officially recognizing them by changing its program to meet their interests and needs.

### TO PLANT SHRUBS

The planting of the shrubs of our school grounds by the Biology class, under the direction of Mr. Norton, is scheduled to begin the first of November. Mr. Norton and his class will have a definite plan to use, drawn by a professional landscape gardener. The Board of Education has allowed some funds for this and the P. T. A. has also promised to help.

QUESTION: What do you think of the third period as Activities Period?

It is better to have assemblies this period (the third) than before school, since it gives the parents more of a chance to come.—Helen L. Lyman, '32.

I think that the morning is the time for school activities. Everyone feels more like taking part in events, whatever they may be.—Lillie Mae Smart, '32.

Many activities would have to be held after school and this would cause much delay and confusion.—Mary June Cramer, '35.

The fact that club and organization meetings can be held during school hours, will enable each member of these groups to be present at each meeting. Regular attendance of members aids in the effectiveness of any organization.

—Miss Garrison

In our Home Room, during the third period, ideas are being discussed by everyone. This contributes ideas which otherwise we might not obtain without reading several books.

—Helen Wikoff, '34.

I do not like the third period as an activities period because it takes up some of the students' valuable study time in the morning.—Harry Bowden, '34.

This period seems to me to be as convenient as any other.—L. Deral Rains, '34.

To me the first period seems to be more appropriate since it does not seem to break into the students curriculum.—A Member of the Staff, '32.

If they have it the eighth period, boys who are out for athletics may be excused during this period to participate in them, providing their work is up to the standards. This would encourage students to work harder in order to get out at this period, boys especially.—Nelson Wilson, '32.

Perhaps one of the strangest points in favor of having the activities period eighth instead of third is that concerning the vitality of the pupil. It is generally accepted that the pupil is at his best mentally and physically about the second, third and fourth hours in the morning. It is a good time for hard work requiring thought, problem solution, organization, creative work, etc.

It has been my experience that the late afternoon classes are inefficient. Mentally fatigued, the pupils are looking forward to release from school for some different type of activity which will allow a tired brain some relaxation, either by physical or mental recreation. I believe therefore that if the now academic work could be put in the late afternoon (except some assemblies) that the pupils would have something more stimulating to look forward to.—W. D. Keyes, Jr.

## EXCHANGE NEWS

"The Monitor," Carbondale, Ill.

We notice that the typewriters of the Carbondale Community High School are suffering from the great depression, but "aren't we all?"

"Malden Outlook," Malden, Ill.

We judge from reading the "Freshmen Commandments" that all Freshmen must be alike. They all need gentle hints as to what they "shall not do."

"The Manual," Peoria, Ill.

We can't easily forget the "Truth Worth Remembering." Our favorites are "When the heart is right our words and deeds will be noble." "Hold on to your temper when excited or angry or when others are angry with you."

"Wa-Hi Journal," Walla-Walla, Washington.

Your column about "what this school should have" holds true in several respects to our own school. One which we thought would be especially helpful to the smaller Freshmen who dart in and out among the upper classmen is, "stop lights in the halls between classes."

## ALUMNI NEWS

John Ammann, '31, is attending college at Monmouth, Ill.

Born to Mr. and Mrs. Lynn Austin, Oct. 9th, 1931, a son.

Mrs. Austin was formerly Miss Clara Louise Wikoff, '29.

Racheal Bowden, '31, and Dorothy Milnes, '30, are attending Charleston Normal University at Charleston, Ill.

Montizelle Braden, '31, is employed at Mother's Cafe in this city.

Wilbur Chapman, '31, and Marion Hastings, '28, are students of Eureka College at Eureka, Ill.

Dorothy Eninger, '30, is taking the bookkeeping course being conducted after school by Miss Madden.

Wayne Kempshall, '28, is a Senior at Hanover College in Hanover, Ind.

Wm. McGuire, '30, George Reynolds, '30, James Waller, '31, and Betty Stoutenborough, '30, are students at the U. of I. at Champaign, Ill.

Lois Schroeder, '29, is taking the short hand course after school, conducted by Miss Madden.

Leone Schroeder, '29, is employed in the Waukegan Hospital at Waukegan, Ill.

Cleo Shoemaker, '31, has entered the Decatur and Macon County Hospital at Decatur, Ill.

Miriam Vande Vanter, '31, is attending Brown's Business College at Decatur.

# Jokes

Some laugh and grow fat,  
Some laugh and grow slim;  
If you don't like our jokes,  
Please turn some more in.—Joke Editor

George Austin (drawing butterfly in Biology)—“What's wrong with this butterfly? Hasn't it got part of its antennae broken off?”

Mr. Norton—“Yes, it has got part of its antennae broken off.”

Ernest Shields—“It's just like you, Austin. It's not quite all there.”

Miss Kane—“Give comparative degree of word 'ill.'”  
Axel—“Ill, worse, dead.”

Love is like an onion,  
You taste it with delight,  
And after you have tasted it,  
You wonder why you bite.

Mr. Norton (in Biology class)—“What is the most hard working insect that molests a tree?”

Maxine (studying awhile)—“W wh-why the woodpecker, of course.”

## DIFFERENCE BETWEEN FRESHMEN AND SENIORS

Freshmen—Freshmen know more and more about less and less until they know everything about nothing.

Seniors—Seniors know less and less about more and more until they know nothing about everything.

Love makes the world go around when it ought to be sleeping.

Helen K.—“I've got a pair of golf socks.”  
Mary K.—“Golf socks?”  
Helen K.—“Yes. Eighteen holes.”

Gertrude—“You wouldn't think my musical talent was a means of saving my life.”

Instructor—“No! How did it happen?”

Gertrude—“Well, there was a big fire in our home town and when water struck our house father got on a bed and floated downstream and I accompanied him on the piano.”

If you can't laugh at the jokes of the age laugh at the age of the jokes.

Mr. Keyes—“What is the term of the President?”

Wallace Hogue—“Four years.”

Mr. Keyes looked at him very surprisingly.

Wallace (in murmuring tone)—“I'm not as dumb as I look.”

Mr. Keyes—“No you couldn't be.”

## MAROA BOWS TO CERRO GORDO; 7 TO 0

Maroa's high school gridlers lost an exciting battle to Coach Dorland's Cerro Gordo eleven 7 to 0, in a game played on the Cerro Gordo high school field last Friday, Oct. 15th.

The Maroa line, playing off form, could not stop a little fellow by the name of Horton. This self-same Horton travelled through Maroa's line and around their ends for several good gains during the afternoon.

Wilson, the stellar half back carried the fight for Maroa on offense and defense both. In addition to stopping them on defense, he also tore off several good gains.

Due to the absence of Austin, the first team fullback, the backfield was weakened somewhat. Ogden, an up and coming Freshman was used in Austin's position.

The men who played for Maroa are as follows: Crouch, Bennett, Oates, Milnes, Stein, Caplinger, Pulliam, Wikoff, Morgan, Long, Morris, Wilson, Ogden, Tozer, Sterling and Himes.

## GRADE SCHOOL HONOR ROLL FOR FIRST SIX WEEKS PERIOD

First Grade—Virginia Cramer.

Second Grade—Norma Hilt, Tirrell Stoutenborough.

Third Grade—Patsy Norton, Wesley Dickmeyer.

Fourth Grade—Dorothy Hilt, Eileen Stonebraker, Virginia Johnson.

Fifth Grade—Ruth Leach, Helen Atkins.

Sixth Grade—Warren Menke Myrna Morgan, Robert Cox.

Seventh Grade—Lo's Lowery.

Eighth Grade—Mary Louise Coulter, Maxine Smart.

## GIRL'S GYM CLUB

A Girl's Gym Club has been organized for the girls of the Junior and Senior classes. This club will play basketball mainly. Miss Doolin, the second grade teacher, has consented to be the coach and advisor. The club will meet regularly one night after school each week.

The side line is shouting now,  
The boys are in position;  
The whistle, shrill is sounding,  
To start the great decision.  
Hark! There goes the ball,  
The boys are moving fast;  
Drive on, you sturdy lads,  
Drive hard until the last.  
When you are playing on the field,  
Fighting hard to win  
Don't be discouraged with defeat,  
But take it with a grin.  
Keep up that fighting spirit,  
Ring out the noisy chatter;  
Do your best for victory,  
This is all that matters.—L. Deral Rains, '34.

## ROSEMARY COX WINS SCHOLARSHIP

Rosemary Cox, '31, won the Maccon County University of Illinois Scholarship. This is a competitive scholarship, those students wishing it, take an examination. The highest grade wins it. This scholarship provides for all tuition, matriculation fees, etc., to the University of Illinois.
