MARCH

FOOTBALL

The teacher of the month for March is Mr. Brandt. He teaches psychology and has taught for seven and a half years. His favorite sport is golf with basketball and baseball following close behind. He also likes to play pool.

In high school Mr. Brandt was a pitcher and a very good one, too!! He played basketball also. He graduated from I.S.U. where he received his Bachelors and Masters degrees. Mr. Brandt spends his free time refinishing the basement in his newly built home. His wife teaches at Forsyth and they have a three year old son, Jimmy:

FHA-SMILE SATURDAY (March 3)

Head Chairman-Nancy Swartz

Fha Service Project this year was selling SMILE CANDLES for muscular Dystrophy. We earned a lot for this cause and we want to thank all who bought one. They will be delivered in 2 wks.

EVALUATION PROGRAM

If you are in certain teacher's classes, you may have noticed that they have been asking you if you can think of any way that the attitude of school, the respect in the school, and just general school activities could be changed for the better. All this is for the evaluation program that has to be turned into the state by September. We have to let the state know about activities, curriculum, etc., how they could be improved, and what's going to be going on. Got any suggestions?

In the picture above are the 4 captains of the 1973-1974 Maroa-Forsyth Trojan Football team. These boys were picked by the rest of the team members for this position. Coach Thompson has high hopes for the team in the coming season. He says that there will be around 50 guys out next year. A winning season next year would help get Maroa back into sports the way it should have been 10 years ago.

So any guy interested in football should talk to Coach Thompson. He will be glad to have you on the team.

TRACK

Our track season starts Marck 27 this year. I think we will have a pretty good track team. We will have such track stars as Chuck Leach, Dennis Phipps, Bob Darling, Tomm Riley, Greg Weikle, Paul Watson, and Jeff and Steve Harper. So let's support our track team this year. Give 'em some spirit.

Dan Edwards
THEY ALMOST MADE IT!

The B team basketball went to Normal on Feb. 24 to play in the state tournament. They played Rantoul Eaten the first game, but they lost 40 to 31. The teams previous record is 14 wins and 1 loss. The record includes all tournaments they had played in.

The leading scorer was Daryl Tibbs with 176 pts. Randy long, Allan May, Barry Blundy, Jim Stoutenborough, Brent Parke & Jim Peck is the order of scoring. The other boys who sat on the bench had a few points. Coach Luster played them in non-conference games, so they would know how to play next yr and would have a better team that will win the state championship.

Sandee Newell is the student of the month this month. She is first of all Editor of the TROJAN TIMES and very talkative. If something is going on around MFHS Sandee knows about it. She is putting forth a great deal of effort this year on the newspaper, along with her other clubs. Sandee sings first soprano in Chorus; she is a librarian uncer Mrs. Paine; and is, as she would say, "gobs" of fun in Typing II. Without Sandee around here to keep us all smiling and laughing, where would we be? She is also second vice-president in FHA. We wish you luck, Sandee, in whatever you try. The students and faculty will miss your wit.

New Subjects

Next year there will only be one new subject offered. This is Economics. This is required of All Seniors who had not had: Basic Math, General Bussines, Ag. 3 & 4, Home Ec. 2,3,4, or Art 2.

The Home Ec. classes will also be named by semester instead of Home Ec. 1,2,3, or 4.

Leroy Mills principal of the Maroa-Forsyth Jr. High has been chosen as "the" principal of the month. Naturally he was chosen for his personality charm, and wit!

Mr. Mills grew up in little ol' Taylorville Ill, and attended greenville, college in Greenville, Ill. (If any of you have never heard of this little town it's down by St. Louis) He graduated from there in 1954 and then trucked rite on to Eastern to receive his masters. Mr. Mills has taught at Forsyth Grade School for 11 yrs as the science and history teacher and has previously taught at Tower Hill.

When Jr. High students were questioned on how they liked their principal all replied he is nice, understanding and has a terrific sense of humor. We hope your job as principal will be a rewarding and a satisfying one.

Coach Thompson announces that the weight training, agility, and reaction development classes will be continued through the remainder

of the school year. The sessions will be conducted on Mondays and Thursdays as in the past. Coach Thompson and Mr. Wayne Scarlett will conduct the classes. Mr. Scarlett will assume the position of assistant football coach next season. Mr. Scarlett will carry the biggest part of the load this spring since coach Thompson will also be coaching the baseball team.

All boys grades 7-12 who desire to participate in football should make a special effort to attend these sessions, although they are open to all boys.
