## The Hickory Point Mall

The Hickory Point Mall started as a dream in an architect's eye and a drawing on a draftsman's easel about 6 years ago. When all of these things were drawn together, the developers approached the city council of Decatur with the plans. After debating and considering the impact on downtown Decatur, the council turned thumbs down and shut the door on the plans.

Hence the mall is now part of the landscape of Northern Route 51 in Hickory Point Township. They started by leveling and clearing farm land of corn and beans grown there for years before. Then concrete, bricks, steel reinforcing, and building blocks started growing into the structure we see today.

After a few setbacks, commonly known around here as the winters of 76, 77, and 78, and rains like a sequel to the Johnstown Flood, the structure is to house three major stores, J.C. Penney, Carson Perie Scott, and Bergner's plus about 60 small shops. Surrounding the mall in the future will be other businesses: a bank, grocery stores and restaurants. Several motels are negotiating for the land around the intersection of Route 51 and Interstate 72. The future of the business around the surrounding area is almost impossible to forecast.

The days of gently waving corn and green shiny soybeans as you round the corner of Hickory Point Road are a memory in all of our minds, now just the same as the future was a dream to the architects.

## Pope John Paul I dies!!! Kim Koehler

The new Pope John Paul I died of a supposed heart attack at 5:30 A.M., September 29, 1978. He had been in office for only 34 short days.

The former Cardinal, Albino Luciani, Patriarch of Venice, chose his name by combining his two predecessors, Paul VI, and John XXIII; indicating his desire to follow in their footsteps.

When the conclave met on August 26th, no one knew what the outcome would be. But after only 8 1/2 short hours, the traditional white smoke billowed out the chimney of Vatican's Sistine Chapel. This indicated that the conclave of cardinals had elected a Pope.

In 19 days, the conclave will meet again, to elect the third Pope in less than three months.

## A Word from the Library

In the library you can use materials for assignments, books and magazines for leisure reading. These are the things the library is to be used for.

There will be no talking, no gum, and no homework in the library. Homework can be done in study hall or at home.

Use the library one study hall a day, and you may be told what hour because of the number of students in the library.

Do not write in the magazines and one magazine at a time from behind the desk. The yearbook and the Book of Lists can be checked out for the hour.

Please follow the rules and we'll have a good year. Miss Bates.

Bat  
Kay Griffin  
Myself, I rather like the bat,  
It's not a mouse, it's not a rat.  
It has no feathers, yet has wings,  
It's quite inaudible when it sings.  
It zigzags through the evening air  
And never lands on ladies' hair,  
A fact of which men spend their lives  
Attempting to convince their wives.

You be the Judge  
Mike Lovelace

David Einhorn was making an instrument landing at an airport near Lake Erie. In the fog David accidentally landed his plane in the lake. By the time a rescue boat had reached Einhorn, the plane had sunk and David Einhorn had drowned.

Because the airport's authorities had failed to rescue her husband, Mrs. Einhorn is suing the airport for his wrongful death. At the trial her attorney explained that every airport is regulated by a number of statutes which deal with the maintenance of an airfield. These regulations require an airfield to provide a safe approach for an aircraft. Because this port is on a lakefront, it must be prepared to rescue in case a plane lands in the lake.

Attorneys for the airport denied liability for Einhorn's death. They also said that the duties of maintaining airfields does not require water rescue.

If you were the Judge, is the airport liable or not?

The Judge in this case declared this as a freak accident and refused to find the airport liable.

Going through her performance with ease,
